

# Swirlpool

24" x 48" Table runner  
featuring Lil Twister® Ruler

True Blue Quilts

(c) 2019

Fabric

Background 1-1/3 yd

3 coordinating prints 1/3 yd each OR 1 charm pack

## Prepare fabric

39 5" squares of background

10 5" squares color 1 (green/darker values)

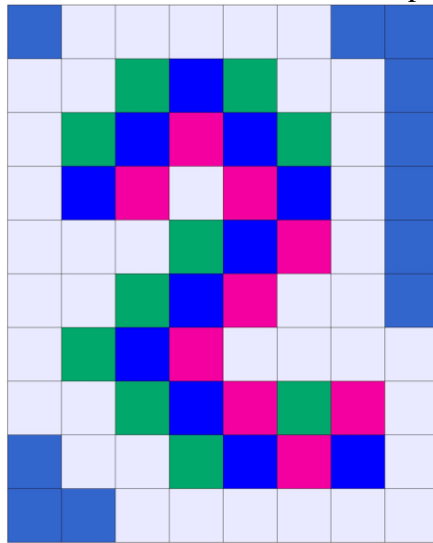

11 5" squares color 2 (blue/lightest values)

9 5" squares color 3 (pink/medium values)

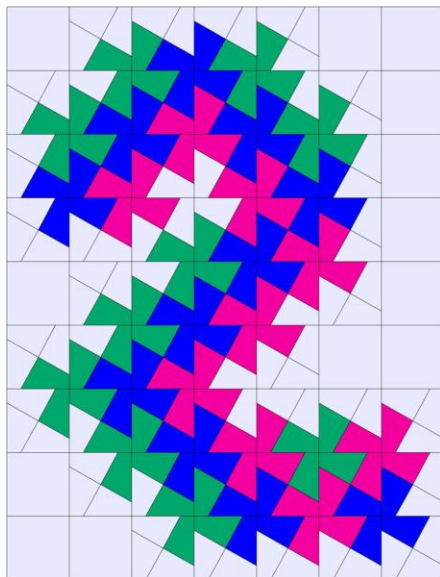

\*\* 11 **3" squares** background – note the different size!

These will be added to layout **AFTER** pinwheels are cut

Step 1 - Lay out charm squares according to pattern and sew together in rows. Note – the quilt is not rectangular at this point! You will add the dark blue corners in Step 3.

Step 2 - Use the Lil Twister™ ruler to cut out the pinwheels. Use a design wall to keep pieces in the original order, or cut and sew one row at a time.

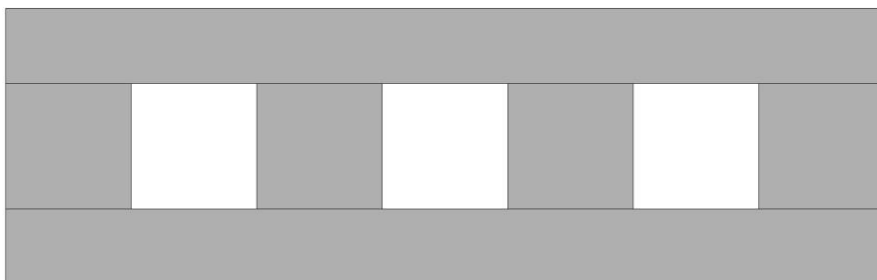

When all pinwheels are cut and placed in position, add the extra 3" squares of background (dark blue on the chart) to fill in the corners and make the quilt a full rectangle.

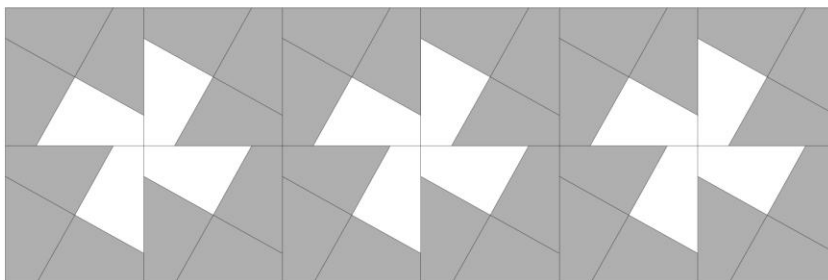

Additional borders are optional.

Design is shown in the cover photo with individual pinwheels.

Cut 8 5" squares of background. Make two rows that alternate background with 3 squares of the print. Add a 3" strip of background fabric to the top and bottom of this row.

Use the Lil Twister ruler to cut and reassemble the row. MAKE 2.

Attach these borders to the end of the quilt. Use spacer strips of background fabric to bring your table runner to your desired length.

Quilt and bind.
